Naghul,

Thank you for your application to the Georgia Institute of Technology. Due to the large number of applications from highly qualified students, we are unable to offer you admission to the incoming first-year class.

We work to make sure each application is holistically reviewed by multiple staff members. Because of the competitive pool of applicants, we carefully evaluate the credentials of each student on an individual and comparative basis to ensure a thorough process.

Again, we appreciate your interest in Georgia Tech and wish you success in the future.

Sincerely,

A handwritten signature in black ink that reads "Mary Tipton Woolley".

Mary Tipton Woolley
