

Dear Naghul Adhithya,

The Admissions Committee has completed its review of your application. I am very sorry to tell you that you were not admitted to the MIT Class of 2030.

This year's Early Action pool was one of the largest in MIT's history, and we expect to have a large number of applicants in Regular Action. Rather than deferring your application, we want to be upfront with you, so you can focus on other college options. Please keep in mind that all of our applicants are exceptional students, but unfortunately we do not have enough space in our entering class to admit them all.

We truly appreciate your interest in MIT and wish you the best in all your future endeavors.

Sincerely,

A handwritten signature in blue ink, appearing to read "Stuart Schmill", is positioned above the printed name.

Stuart Schmill
Dean of Admissions and Student Financial Services
